

NITIN GUPTA

B.Tech Computer Science Student

Greater Delhi, India | nit12317in@gmail.com | [linkedin.com/in/nitingupta-dev](https://www.linkedin.com/in/nitingupta-dev)
| github.com/nitingupta-dev

PROFESSIONAL SUMMARY

B.Tech Computer Science student with a 9.36 CGPA and a strong foundation in C, C++, Python, and Java. Built three end-to-end applications spanning console-based systems, OOP-driven software, and Python web/CRUD tools, applying data structures, algorithms, and file-handling for persistent storage. Backed by certifications in DSA, C, Python, and modern AI. Seeking an internship to apply strong problem-solving and programming skills to real-world engineering challenges.

EDUCATION

Bachelor of Technology (B.Tech) – Computer Science & Engineering 2025 – 2029

Noida Institute of Engineering and Technology (NIET), Greater Noida CGPA: 9.36

TECHNICAL SKILLS

Programming Languages: C++, Python, C, Java (Basic)

Web Technologies: HTML, CSS, JavaScript, Node.js

Core Concepts: Data Structures & Algorithms, Object-Oriented Programming (OOP) Tools

& Platforms: Git, GitHub, Visual Studio Code

PROJECTS

Smart Digital Identity Verification System C++, File Handling

- Engineered a console-based citizen identity management system with secure login and authentication to protect stored records.
- Implemented full CRUD operations for citizen records, using file handling to persist data reliably across sessions.
- Designed a menu-driven interface with input validation to prevent invalid data entry and improve usability.

Library Management System C++, OOP, File Handling

- Built a library management application supporting book issue, return, search, and record management workflows.
- Applied core Object-Oriented Programming principles to structure the codebase for clarity and maintainability.
- Used file handling to ensure persistent, reliable storage of book and member records.

Smart Hostel Management System Python

- Developed a hostel management application to maintain student records, room allocation, and resident information.
- Implemented complete CRUD functionality in Python for efficient, structured data management.

CERTIFICATIONS

- Data Structures & Algorithms – I | Python Programming | Programming in C | HTML5 & CSS3
- Introduction to Modern AI | Apply AI | Digital Edge 101 (FutureSkills Prime & NASSCOM) | Summer 2026 Social Internship – Khushigram Foundation

STRENGTHS

Problem Solving | Quick Learner | Teamwork | Communication Skills | Adaptability | Time Management

LANGUAGES

English, Hindi
